Teak Wood Furniture

For centuries teak has been known for its high quality, durability, and beauty. Genuine Teak is a hardwood tree found in countries of Southeast Asia such as Indonesia. Teak is very hard, densely grained wood with high oil content. These characteristics make teak furniture naturally resistant to moisture, rot, warping, shrinking, splintering, insects and fungus, making it ideal for outdoor use.

Our Indonesian factories use only Grade A, government managed, plantation grown teak. The construction of our Teak furniture follows the traditional method of mortise and tenon construction and is assembled with wood dowel joints. You are sure to get years of trouble free use from any of your teak selections.

BRIENA COLLECTION

To create this collection our Master craftsmen start with high quality plantation grown teakwood and using mortise-and-tenon joinery they put together an exceptionally sturdy collection. Seating groups are available with round or square tables. Chaise lounge features a pull out tray for drinks or a book. All teak will develop a soft gray hue or you can maintain the original color by using a teak protection product. Includes deep plush cushions in your choice of premier outdoor fabrics including Sunbrella Fabrics. Light assembly required.

Four Piece Set GLT222

(Loveseat, 2 Arm Chair, Round Coffee Table)

Loveseat SET221

59"W x 37"D x 35"H

Arm Chair CGT221

FABRIC INFORMATION AND CARE

Sunbrella fabrics combine superb comfort with all weather durability. The Sunbrella fabrics are produced from tough acrylic fibers, so it resists stains and mildew while maintaining its good looks. Sunbrella is manufactured using 100% solution-dyed yarns. The colors will not fade or wash out, remaining vibrant for years, even in the harshest sun. To clean the fabric, hand-wash in cold to lukewarm water using a mild soap and air-dry.
